Supports Panneaux

Pour panneaux portraits et paysages

Les supports des panneaux et chauffe-eau solaires SYRIUS sont fabriqués en tôle d'acier Magnelis® garantie 20 ans par Arcelor Mittal. Le Magnelis® est un alliage de revêtement qui contient du magnésium. Le magnésium permet une oxydation légère en surface qui protège ainsi l'acier des intempéries et des conditions extrêmes en zones tropicales.
Toute la visserie est livrée en inox A4.

Descriptif

Garantie Panneaux 10 ans
Garantie Supports 10 ans

Tous nos supports sont livrés avec :
- Visserie inox A4
- Supports en acier Magnelis®
